Here's what teachers like you are loving about these **Icebreaker Questions!**

★★★★★ **Extremely Satisfied**

Thank you for your hard work and dedication. I loved getting to see the interaction of my students during the first day of school. It was awesome to see the barriers broken down due to having a card with three simple get to know you questions on it.

– Andrew F.

★★★★★ **Extremely Satisfied**

My students really enjoyed this. They were hesitant to come out of their comfort zones at first, but soon there was lots of laughter and chatting. They started to meet new people and to connect in ways they wouldn't normally have. I love this resource!
