 **Extremely Satisfied**

I will definitely be continuing to use this binder for my conferences in the future. It took some time to input my students' information and link to some work samples (about an hour or so) but I'm happy I did this because my conferences were so smooth!

– Alana T.

 **Extremely Satisfied**

This was a helpful way to show parents what their child was working on. It kept teacher conferences focused and helped me to keep track of who I spoke to and what next steps were - I was able to customize it for my needs. Recommend!
